

PilferProof standard tamper evident caps

Child proof caps

Optimized and calibrated neck rim

Polypropylene collar (PP25 / PP28)

Seamless structure in pure aluminium for 100% recycling

Packaging for sensitive chemicals

- liquid products

AP25/AP28

Manufactured from 99,5% pure aluminium, PilferProof 25/28 range bottles provide excellent physical and chemical resistances against shocks, perforations and damages that may occur during transport. Your products and the users are perfectly protected.

With capacities from 20ml up to 315ml, those bottles are particularly designed for packing sensitive chemicals.

Main uses

Industrial chemicals such as adhesives, primers, catalysts, special paints, varnishes, electrolytes...

AP25/AP28

Light and resistant

- 99,5% (1050A) pure aluminium.
- Excellent protection to shocks, perforations.
- Chemical resistance ensured by the aluminium structure.
- Protection against gas and light.
- Lightness close to plastic materials.

Tight

- Seamless structure.
- Optimized and calibrated neck rim.
- Resistant and compressible "PE foam/alu" liner.
- Plastic plug in option.

Tamper evident and safe

- Cap locking flange as tamper evident proof of opening.
- Child-proof cap in option.

User friendly

- PilferProof standards for caps and accessories.
- Colored caps locking flanges, collars and caps to easy identification of your products.

Options

- Plain aluminium as a standard, coating in option.
- Specific design in option.

Recyclable

- Pure aluminium has a good scrap value, therefore bottles are easily recycled.

Note: user is responsible for the compatibility of its product with the Tournaire packaging system, see our general sales terms.

One range/two standards from 20ml up to 315 ml

Bottle capacity (ml)	Type	Quantity per carton	Quantity per pallet	Internal neck Ø (mm)	External body Ø (mm)	Bottle height (mm)	Labelling height (mm)	Weight (g)
20	AP25	1 800	21 600	16,6	30	48,4	17	8
38	AP25	732	11 712	16,6	35	68,2	32	13
38	AP28	732	11 712	18,7	35	68	30	13
63	AP25	732	5 856	16,6	35	93,7	57	16,5
63	AP28	732	5 856	18,7	35	98	60	17
125	AP28	348	6 960	18,7	50	95,5	50	25
140	AP25	-	6 450	16,6	45	117,5	75	29
275	AP28	250	3 500	18,7	59	139,5	85	36
315	AP28	250	1 750 3 250	18,7	59	156	101	41

Indicative standards in mm and ml - Total height and weight without closure.

Closures

- Pilferproof 25 standard caps: 4200 per carton • Pilferproof 28 standard caps: 3000 per carton
- Child proof caps / Plastic plugs in option
